

WHEEL WEIGHT KIT

WWKIT1

Let Bee Line be your one stop shopping provider for your wheel balancing needs!

Bee Line now offers our new Wheel Weight Kit, part # WWKIT1. The WWKIT1 assortment is a comprehensive heavy duty truck assortment. It contains the coated "TAL" weight series for Alcoa and Accuride aluminum wheels and the "RC", "CT", "I7", and "LT1" series for tubeless and tube-type steel wheels. The WWKIT1, when used with a unique truck weight application guide, permits the installer to service the heavy duty market.

Included with the assortment is a strong freestanding bench rack that provides convenient storage for 25 different sizes of wheel weights in individual bin compartments.

Series	Sizes	Pieces included	
TAL	3 oz. - 8 oz.	48 pieces	
RC	2 oz. - 8 oz.	60 pieces	Also included this assortment: Truck Rim Gauge Wheel Weight Hammer Alloy Wheel Weight Hammer
