The CMS-T333 from American Signal Company represents the latest advances in ALL-LED sign and highway safety technology. This all LED FULL MATRIX display, utilizing 30 Degree ITE Amber LEDs, combines American Signal Company's SOLAR™ primary power supply, and our high quality trailer assembly to give you the lowest cost and most effective portable/changeable message sign available today.

Our innovative **Dynapoint® Optical Technology** in combination with proven ultra-bright, wide angle (30) ITE amber LEDs provide enhanced visibility and legibility in both daylight and nighttime conditions. The wide angle viewing angle allows the sign to be legible at all times when other signs fade out and are unusable.

FEATURES:

- Full Matrix 28 pixels x 50 pixels
- 1 line, 2 line, 3 line messages
