

PORTABLE FLASHING ARROW PANELS

15- and 25-lamp, Types B & C

MODELS T615, T625, T815, T825

CATALOG NUMBERS SUBJECT TO CHANGE

GENERAL SPECIFICATIONS

American Signal Company's Flashing Arrow Panel products feature an all-LED, 15- or 25-lamp trailer mounted display. These arrow board trailers are equipped with a high-wattage solar panel and low-maintenance battery bank. The Amsig FAP product line encourages motorist awareness and work zone safety, and is well suited for both highway and urban use.

FEATURES

- 15-lamp and 25-lamp configurations
- Type B (3'x6') and Type C (4'x8')
- High-Intensity LED lamps
- Indicator LED lamps on rear of display
- One-Mast structure for ease of transport
- Heavy-Duty steel frame
- Superior foot-print for maximum deployed stability
- Superior power management – over 50 days on batteries alone
- Simple & secured hand-held controller in lockable cabinet
- Single cabinet design for ease of operation & maintenance

DISPLAY CHARACTERISTICS

- Flashing & Sequential* Arrows
- Double Arrow
- Flashing & Sequential Chevrons*
- Caution Bar
- Caution Beacons
- Alternate Diamonds*

**indicates 25-lamp model only*
