The Lenses in the following catalog are shown in “Normal” orientation. This corresponds to a switch installed with the lamp on the bottom.

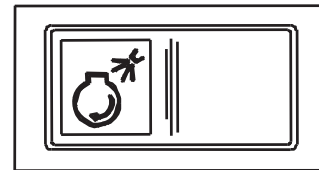

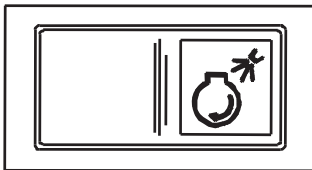

The lens orientations specified rotate in a clockwise direction to correspond with switch installations rotating in a counter-clockwise direction, as noted below.

90°

180°

270°

Standard lens colors are Clear, Green, Blue, Black (Opaque), Orange, Red, and Yellow. Lenses are also available in Light Green, Dark Green, Light Red, Dark Red, Light Yellow, White, and custom colors (for instance, black lens where the symbol shows white during the day, and glows white, green, or orange when lit). Lenses can also be supplied in “abrasion proof” format at a slightly higher cost per lens.

Contact M.S Foster and Associates regarding any requirements for non-standard lenses. Lens symbols / icons can be custom designed to meet your application requirements. A design engineering fee will apply. Please call us for details and design assistance.
